# Back to School Beds

[P.E.S.T. Relief International](#)® partners with Ashley Furniture's Hope to Dream Program to provide new mattresses for the children of Abba House.

This 18-month addiction recovery program for women allows for children to be reunited with their mothers after 12 months of counseling, therapy, and healing. At that time, the children come to live with their mom until she graduates from the program. The beds were delivered just in time to give the children a good night's rest when starting school.

Through the Hope to Dream program, [P.E.S.T. Relief International](#)® placed 10 memory foam mattresses throughout three homes on the property. In addition, 10 more mattresses were reserved to launch a program for the mothers who graduate from the program. When graduates transition to their own home, their child will receive a bed, mattress, pillow, sheets, and comforter for a new comfy place to sleep while adjusting back into their new life.

[International](#)® spent a Friday morning helping remove the old mattresses which were sent to The Place of Forsyth County for families in need and overseeing the installation of the new mattresses. They even took some time to spruce up the bathrooms in one of the houses with new bath mats and coordinating shower curtains.

“These mattresses will definitely help us and our children rest more soundly and it definitely boosts our moral. It is great to feel valued-especially in recovery”, shares one of the residents in the program. Another wrote, “It touches my heart that people I don’t even know care for us enough to come into our lives and want good for us. We are so blessed. I hope to spread this to others.”

[P.E.S.T. Relief International](#)® continues the mission of the REST Initiative ~ Making Orphanages and Shelters a Safe Place to Sleep. We invite you to partner with us in REST and bring comfort and relief to those in need.

[P.E.S.T. Relief International](#)® exists for the pest management industry to
