

P.E.S.T. RELIEF INTERNATIONAL

PROFESSIONALS EMPOWERING, SUSTAINING & TRANSFORMING

I would like to begin my inaugural newsletter with a HUGE thank you to all who encouraged me in the launching of P.E.S.T. Relief International™.

P.E.S.T. Relief International™ took me out from behind the scenes in the marketing department of Mattress Safe® to front and center exposure of my hopes and dreams. From this, my vision for a non-profit organization was born. This organization would provide a platform for the pest management industry to bring comfort and relief to the destitute and defenseless.

Together we are Empowering, Sustaining and Transforming lives!

Thanks to your participation, we were able to give the Gift of Rest for Christmas through the donation of:

- Remodeling of Abba House women's recovery facility in Dawsonville, GA
- 36 SenSci Volcano Bed Bug Monitors, 36 SenSci Bed Bug Lures and 100 Dissolvable Laundry Bags to Abba House

- 60 mattress protectors to a women's recovery center in Augusta, GA
- 8 mattress protectors to Orphan Helpers in Newport News, VA

My desire through the REST Initiative is to make orphanages, group homes and shelters a safe place to sleep by harnessing the combined strength of the pest control industry. To get a glimpse of the impact of the REST Initiative, watch our video by clicking [HERE](#).
