#GivingTuesday

Give the gift of REST this Christmas

Through the REST Initiative, P.E.S.T. Relief International teams up with the pest management industry and other manufacturers to provide clean bedding and other services to create a safe and comfortable living space for organizations needing donated assistance.

Your gift will promise clean bedding and pest control for sanitary sleeping conditions this Christmas.

Thank you for your continuing love and support.

Andrea Hancock
Founder, P.E.S.T. Relief International
