

P.E.S.T. RELIEF INTERNATIONAL®
PROFESSIONALS EMPOWERING, SUSTAINING & TRANSFORMING

A YEAR-LONG MASQUERADE

It has been a year since the trajectory of what we do at P.E.S.T. Relief took a wide right turn. As the world slowed down, we stepped into action when we saw the need for PPE rise across the nation. We partnered with Mattress Safe and local home sewers to develop and produce a product that is soft, breathable and reusable. Out of global desperation and our ability to fulfill a need, we created the MASK for RELIEF Initiative. Something we never saw coming has launched P.E.S.T. Relief into new adventures we could only dream about before COVID-19.

A phone call from a fellow PCO with a desperate request for masks set us on course to develop, create and produce. We were able to supply thousands of white masks needed in the field to Arrow Exterminators when no masks could be found. Shortly thereafter, we supplied masks to Brian Metzger of Gopherwood Community Foundation through our P.E.S.T. Relief Responder program and later, to Eve Pappas of Tri-State Canine Response Team to distribute for local elderly care facilities in the New Jersey area. These events set in motion ideas to develop the Give-One-Get-One program on our website with colorful mask options. Through this initiative we were able to donate hundreds of masks to local hospitals, women's shelters, and individuals across the Southeast who needed them most.

As the months went by and the idea of masks was not going away, we were blessed with another great opportunity. P.E.S.T. Relief was offered the chance to supply our masks to Soft Surroundings, a nationwide women's

opportunity, we plan to expand our P.E.S.T. Relief Responder program and partner with more PCO's to help irradiate pest issues and bring comfort and rest to those who are orphaned, abused, or at-risk to communities across the nation and around the world. Who wants to join us?! You can learn more information about becoming a P.E.S.T Relief Responder at our website www.pestrelief.org or click the DONATE BUTTON below to support our efforts.
